Comments: (If possible, please reference section number and/or page number in document if applicable.)

1

*I believe we are endangering lives
with this haste out of disposal. Highway
accidents are increasing on the road. If
an accident takes place with a vehicle hauling
this waste, how many lives would be lost?
It could well be your own loved ones. We
must stand up as a whole to protect our
land and our loved ones. We insist on new
safety laws constantly, yet we allow this.
It is nothing more than legal murder
waiting to happen. Many must feel sad.
Why does our opinion not count? We each
of our lives we must do what we think
is right, yet we allow this. Why? With
modern technology there must be a better
way. Let's find it!*

Please note: For your comment(s) to be considered in the Final Environmental Impact Statement, your comment(s) need to be received by the Department of Energy by February 9, 2000. To the extent practicable the Department will consider comments received after February 9.

Please feel free to attach additional pages; more postage may be needed. If you prefer to mail your comments, you may use the back side of this sheet as a postage-paid, self-mailer. To do so, fold in thirds along the dotted line so address and postage-paid notice are visible; then secure with tape.
